CAREER SUMMARY

Full-stack web developer with 2 years of experience building scalable web and mobile applications. Skilled in Vue.js, React, Django, and React Native with a strong focus on performance optimization, responsive design, and seamless user experience. Proven ability to manage full project lifecycles, integrate complex backend systems, and deliver customer-focused solutions.

PROFESSIONAL EXPERIENCE

Full Stack Web Developer

Yanvision – Casablanca, Morocco | Jan 2023 – Jan 2025

- Developed and maintained multiple client-facing platforms using Django, Vue.js, and React Native
- Migrated dashboards to Quasar/Vue.js to enhance maintainability and performance
- Built CMS-driven corporate websites with Wagtail, enabling clients to easily update content
- Integrated payment systems (Flutterwave) and implemented secure user authentication using JWT

Web Development Intern

Yanvision – Casablanca, Morocco | Aug 2022 – Jan 2023

- Collaborated on real-world client projects involving Django, React, and Vue.js
- Gained practical experience in full-stack workflows, debugging, and testing
- Assisted in building internal tools for client dashboards and analytics

---
